

NEIU - STUDENT HOUSING

Location: Chicago, IL
GC: Weis Builders
Size: 175,000 SF

Lauderdale Electric completed the electrical work at the North Eastern Illinois University student housing project called The Nest.

The ground up project was the first public/private partnership for NEIU. The 6-story, 175,000 square foot building consists of 110 units (all 4 bedrooms), with a full kitchen and living room.

Lauderdale Electric's involvement includes:

- Power Distribution
- Complete Power & Lighting System
- Lighting Control System
- Complete Voice/Data Installation
- CCTV & Card Access

Weis Builders was the general contractor.
