

“THE U” - UNION APARTMENTS

Location: Chicago, IL
GC: Arco Murray
Size: 120,000 SF

Lauderdale Electric completed the electrical work at the project called Union Apartments in Chicago.

This ground up project is a 7-story, 120,000 square foot building consisting of 99 residential units, and 2 floors of a parking garage. The building also has a rooftop terrace, fitness room, amenity areas, and bike storage.

Lauderdale Electric's involvement includes:

- Power Distribution
- Complete Power & Lighting System
- Lighting Control System
- Complete voice/Data Installation
- Solar Panel Connections

Arco Murray was the general contractor.
